LEGACY
REPORT
2021

2021 was a pivotal year for our church family as we took a big step forward into our future giving Jesus our biggest YES to date! These past two years have been a difficult season for every organization and business in America. Rather than face this moment with fear, we have moved forward in faith. As a church we have been dreaming about the next two decades and how Grace World Outreach Church will continue to reach our growing community.

We started sharing the vision for expanding our campus, connecting our facilities, and increasing ministry space. Our church responded with faith and generosity. I am excited that we will be breaking ground soon on the new facility.

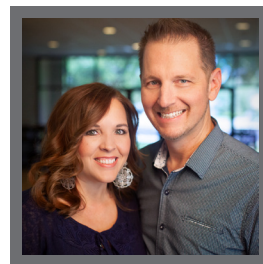

Church, throughout this legacy report you have a chance to look back on this past year and see the goodness of God and the faithfulness of this church. Last year we saw 468 decisions made for the Lord. Our Grace Kids and Ascend students grew by 60% over the past year. We added new ministries like Grace Young Adults, Young Families, and Grace Collective. Though Sunday in person attendance has not yet returned to pre-pandemic numbers we have seen a 110% rise in our weekly engagement through the year! Our outreach to the community has expanded as well. The evangelism teams have knocked on thousands of doors throughout the community. Nature Coast Outreach is growing and reaching more families in need by the week.

Grace, I am genuinely overwhelmed by the testimony of our church! God is so good and there really is no place like Grace! Thank you for believing in the vision and being part of bringing it to pass. The best is yet to come!
